Case Study

More than
just a tick

A Client Review of Southpac Certifications: By GNB Energy

Who is GNB Energy?

GNB Energy provides comprehensive electrical, civil and telecommunication infrastructure solutions to civil contractors, property developers and government entities throughout Queensland.

GNB was formed in 2014 with one simple mission— to create a one-stop-shop. Today, GNB Managing Director Greg Byrnes achieves that mission by taking the ‘hands-on approach’ toward project management. Greg and his management staff remain onsite during daily operations to maintain a high level of safety, quality, and efficiency for your project. GNB’s dedicated service ensures deadlines are met, budgets are kept and there is a visible presence from concept to completion.

What Standards/Regulations of Compliance

GNB are an accredited Energex service provider and maintain a high level of compliance to all Queensland Regulations for electrical works. GNB Energy have implemented an integrated management system to the following standards: ISO9001:2015 (Quality), ISO14001:2015 (Environmental) and AS/NZS 4801:2001 (OHS).

How were Southpac Certifications ‘more than just a tick’?

“Southpac has been great to work with in getting our certifications sorted out. We find having the triple certification helps the company to get better exposure and gives new clients more confidence about the contractor meeting the HSE, Environmental and quality aspects of each project.”

Want your organisation’s certification to be more than just a tick?

Southpac Certifications is committed to helping organisations get the most benefit from their certification; from the initial stage one audit, throughout the year and for each ongoing surveillance audit, we’re with you.

“Southpac were very helpful in sorting out our queries out during the whole process and made the whole procedure easy and hassle free for us.”
